Great News For Homeowners!

Up to \$1200 in tax credits for insulating your home with spray foam!

The Energy Efficient Home Improvement Credit (Internal Revenue Code §25C) provides homeowners with a tax credit for investments in certain energy efficiency retrofits, including spray foam insulation.

Energy Efficient Home Improvement Credit (EEHIC)

- Begins 01/01/2023 through 12/31/2032
- Claim 30% of spray foam insulation and air seal solution up to \$1,200
- Homeowners can claim this credit annually. (ex: Insulate attic one year and basement the next)
- Claim the credit on your year-end tax filing

Benefits of HBS Spray Foam

COMFORTABLE

- Consistent temperatures
- Quieter Living Space
- Reduced Drafts

EFFICIENT

- Reduced stress on HVAC equipment
- Save up to 50% on heating and cooling bills¹

HEALTHY

- Minimize Dust & Allergens
- Helps Improve Indoor Air Quality

DURABLE

- Retains Shape and Density Over Time
